Hyderabad Invaded By Indian Troops On Four Sides

Paris, Sept. 13 (AP)—The fighting in Hyderabad was brought to the attention of the United Nations Security Council today by request of the state government. Hyderabad, ruled by a Moslem, asked the Council to take up at once the question of its relations with India. The state suggested that the Council members meet here Wednesday.

New Delhi, Sept. 13 (AP)—Indian troops invaded the princely state of Hyderabad from all four sides today. The declared purpose was to restore order.

The Dominion soldiers, spearheaded with tanks and armored cars and covered with air support, advanced swiftly, mostly against negligible opposition, a government statement indicated.

A Madras dispatch said Indian forces striking from the east advanced 40 miles to within possibly 60 miles of Hyderabad city, the state capital.

"Steady Progress"

The first Indian communique said her troops made "steady progress in all sectors." The bulletin said several columns of undisclosed strength penetrated the state.

Indian planes operated over Hyderabad all day against what the communique said were military objectives. A Bombay dispatch said Indian planes made two minor raids on airdromes at Warangal and Bidar, two important Hyderabad towns.

"Disorder Rife"

The communique said Indian casualties were "slight" and that opposing forces suffered "serious casualties" in the Aurengabad sector in northwest Hyderabad, where nine prisoners were taken.

Lt. Gen. Haharaja Shri Rajendrasinhji, the Indian commander, sent congratulations to all his troops on their opening successes.

India asserted disorder is rife in Hyderabad and that the fabulously rich Nizam had refused to disband private armies such as the Razakars. The state and Dominion have been at odds for months because the Nizam, Gen. H. E. H. Sir Mir Osman Ali Khan, a Moslem, has refused to accede to India.

20,000 VISITED FAIR LAST WEEK; PLAN '49 SHOW

The 1948 South Mountain Fair came to a close Saturday with approximately 10,000 persons jamming the fair grounds. An estimated 20,000 attended during the 4 days. Two thousand cars were present at one time in the parking lot Saturday night.

That the affair was a success was apparent in the attitude of everyone at the fair. President Arnold Orner asserted that "the September 20 meeting of the fair family will be the first meeting for the 1949 fair."

From Glen Kline's apiary department to Dean Asquith's vegetable department — the "A to Z" of the exhibits alphabetically — committee members and department heads were already on Saturday night thinking forward to next year's fair. They were proud of the displays and exhibits and laid plans for even larger displays next year.

Receipts Set Records

Receipts at the gate and at the auditorium totalled over $9,721, which fair officials said was 260 per cent of the 1940 and 1939 figures. Receipts from commercial exhibits were approximately $5,000, 400 per cent of the 1939-1940 figures.

The Adams County Rabbit association, which sponsored the rabbit and cavy department at the fair, announced plans to come back next year with a department three times as big as the one this year. Over 200 rabbits and about 100 cavies — guinea pigs — were on display.

L. T. Goodling, president of the county rabbit group, announced plans of most of the victors in the South Mountain Fair show to enter their prize rabbits in the York Fair as one entry under the title of Consolidated Rabbit and Cavy Breeders of Adams county.

A feature of Saturday night's fair was the giving away of a new car by the Ira Lady post of the American Legion. Headed by Commander Emory Fissel and First Vice Commander Clair Clapsaddle, the committee for the car set up by the Biglerville Legionnaires included every member of the post. Grover Worell was awarded the car.

DONATE $3,100 FOR AMBULANCE AND NEW FUND

"It is a privilege for the local Moose to help the Warner hospital serve the community," Daniel P. Miller, Governor of the local lodge, declared Sunday afternoon in presenting checks for $3,000 and $100 to C. A. Bixler, president of the board of directors of the hospital.

The presentation was made beside the new ambulance purchased by the hospital. The $3,000 check was to complete payment for the new vehicle. The $100 check was a donation to start a fund through which drivers can be employed to provide free 24-hour a day ambulance service. At present there is 24-hour a day service, but because of lack of funds the hospital cannot engage enough drivers to have one on duty at all times. Thus the present arrangement, by which drivers are called from their homes at night in case of need, leads to some delay in the departure of the ambulance to the scene of an accident.

Promise New Service

"The 1,400 members of the local Moose lodge join in praising the dedicated service of the hospital, its board, staff, nurses and doctors," Miller added.

Bixler, praising the Moose, promised to "do my utmost to see that the purpose for which the $100 is given is carried out and to see that the ambulance gives the best possible service." He announced that a committee comprising Joseph E. Codori, Dr. Bruce N. Wolff and Attorney Richard A. Brown has been formed to attempt to secure additional donors towards the $2,500 estimated as the annual amount needed to secure drivers and to set up a depreciation fund to buy a new ambulance when the present one is worn out.

Representing the hospital at the presentation were: President, Bixler, Walter R. Doud, Dr. Roy W. Gifford, Carl A. Baum, Joseph E. Codori, Dr. F. H. Kramer, and Miss Lois R. Benson and Mrs. Kathryn Adams, of the nursing staff.

Representing the Moose were Governor Miller, Past Governor Merle Baumgardner; Junior Governor Clifford Harmon; Prelate Michael Toomey, Treasurer Ralph Johnson; Secretary Charles L. Lauver, and Trustees Charles Utz and Donald McSherry.

First Annual Horse Show Pleases Big Crowd At Fair

The first annual horse show at the South Mountain Fair Saturday afternoon proved a decided success with the approximately 2,000 packed around the temporary ring constructed at the fair grounds for the event.

And its success led fair officials to promise permanent improvements of the horse show ring for next year's event.

Few of those who watched Saturday's event had previously seen a horse show but the spectators roared their approval of all of the horses entered and had three special favorites—the aptly named "Chubby," a Shetland pony of Leigh and Tommy Kooken, Gettysburg R. D.; the tiny foal of "Peabour Princess," owned by Richard Bircher, Gettysburg R. D., and "Red Glow" owned and driven by Ruth Bowers, of Littlestown R. D.

Pony Proves Popular

"Chubby" won the hearts of the audience in the pony classification and then charmed the audience in the driving horses classification. "Chubby" combined dignity with the usual short legs of the Shetland and a decided "bay window" that bespoke years of good feeding. Entered in a pony class in which the remainder of the ponies seemed twice the size of the short and stubby Shetland, the tiny animal proved it could run just as swiftly as the rest. The judge gave it second place in the pony classification.

"Red Glow," a beautifully colored

Special music was sung by Miss Lorraine Funt, York Springs, accompanied by Mrs. Donald Roemer, York Springs. Mrs. Andrew Martin, York Springs, was organist.

Miss Rachel Gochenour, secretary-treasurer of the Rock Chapel memorial fund, reported that $140.09 was donated at the homecoming and also reported that John Sadler, York Springs R. D., a descendant of one of the three men who started construction of the church in 1773 and of the Sadlers who were in charge of the reconstruction of the church in 1849, is caretaker for the historic chapel.

A history of the chapel was given by Miss Margaret McMillan, Gettysburg. The congregation was founded in the 1770s about four years after Methodism began in the United States. During the period of the battle of Gettysburg, U. S. Army blankets were hidden above the ceiling of the chapel to keep them out of the possession of the Confederates.

It was announced that next year's homecoming will be held September 11 when the 176th anniversary of the founding of the chapel and the 100th anniversary of the rebuilding of the chapel will be held.

NAB 2 COUNTIANS ON CHARGES OF ARMED ROBBERY

Two Adams countians, charged in Maryland with armed robbery, were arrested Saturday night on fugitive warrants, and are being held in jail here pending their removal to Maryland.

State police of the Gettysburg substation gave their names as Howard Wayne Keller, 22, of Hampton, and Charles E. Laughman, 24, Hanover R. 3.

Held Up Station Twice

They are charged with two armed holdups on August 26 and again on September 6, at a service station operated by Chester A. Geiman, south of Hanover on the Baltimore road.

Participating in the arrests Saturday night were Pennsylvania State Policeman James Walsh; Maryland State Troopers J. N. Simmons and Charles E. Hollie of the Randallstown sub-station; Sheriff J. Wesley Mathias, Carroll county, Md., and Constable Jessie Crabbs, Hanover.

Keller and Laughman were taken before Justice of the Peace Robert P. Snyder where they waived extradition.

Shot In Second Holdup

Laughman, who was shot in the right knee during the second holdup of the Geiman place, was found in hiding at the home of Dibert Starner, 29, of Five Points, north of Hampton. Starner was being held as a material witness, and both Laughman, Starner and two girls were also charged with morals offenses. Keller was arrested at the home of a friend in Hampton, police said.

Police charged that on August 26 Keller and Laughman drove to the Geiman service station and held up Mrs. Geiman at gun-point, and took $86 out of the cash drawer.

On Labor Day they returned. Geiman was at the service station and recognized their car. He put a gun in his pocket.

Had Five Revolvers

One of the youths, according to the police, jumped out of the car and hid behind some shrubbery. He then attempted to hold up Geiman, but the latter pulled the gun from his pocket. Laughman was shot in the knee, but took the gun from Geiman and the pair drove away.

A short time later they returned. Geiman had the door locked and was at the telephone, calling police. The youths allegedly broke a glass in the door and shot Geiman in the hands and arm as he clutched the telephone. They got no money on the second holdup.

State police here said that five revolvers, including Geiman's, were recovered with the arrest of the youths, who, they said, made complete confessions.

The auto struck a telephone pole and continued for 130 feet before striking a culvert. Shulley was thrown from the auto which rolled over on him.

and proportioned horse, and apparently trained for racing as a trotter or pacer, seemed to float through the air as it trotted about the ring. In the Road Hack division, the owner, whose riding skill in the opinion of the audience was the best shown, was unable to get "Red Glow" to walk, when required, and as a result the horse failed to win a prize in that division.

In the driving division, with sulky attached, "Red Glow" obeyed better and won second honors.

Judges' Decisions

"Peabour Princess'" foal was another horse with personality. The tiny animal bounced around the ring, its tail straight out, its neck proudly arched and apparently having the time of its life. The foal and the "Princess" won first prize in the brood mare with foal division.

All of the horses were given much applause by the pleased audience but the three drew the special attention of the spectators.

Dr. J. F. D. Bowersox, Hanover, the judge, made the following decisions: Road Hack class, "Pet" owned and driven by Henriette Sheivert, Littlestown, second; "Diana Prince Robin," owned by LeRoy Winebrenner, and ridden by Jane Winebrenner, Gettysburg, third; and "Rambling William" owned and ridden by Charles Keefer, Westminster, fourth; Pony, "Snowflake," owned by Nancy and Mary Bruce Wolff, and ridden by Dale Kane, Gettysburg, first; "Chubby," owned by Leigh and Tommy Kooken, and ridden by Eddie Bob Hoffman, Gettysburg; "Trigger," owned and ridden by Ralph B. Shetter, Biglerville, third and "Tonny," owned and ridden by Jerry Peters, Gettysburg, fourth.

Driving horses, all driven by their owners, "Diana's Prince Robin," owned by LeRoy Winebrenner, first; "Red Glow," owned by Ruth Bowers, second; "Harry Todd," owned by Dr. Bruce N. Wolff, Gettysburg, third, and "Tonny," owned by Jerry Peters, fourth; yearling, "Society Genius," owned by Hoffman-Winebrenner farm, and led by Luther Topper, Gettysburg, first; "Pearl," owned and led by Robert Mattingly, Gettysburg, second, and "Beauty," owned and led by Jerry Peters, Gettysburg, third; brood mare with foal, "Peabour Princess," owned by Richard Bircher and led by Sterling Wilson, first; "Winsome Mary Ann," owned and led by Richard Bircher, second, and "Lary Allen," owned by Lloyd F. PIRATES GAIN HALF GAME ON BOSTON BRAVES

By JOE REICHLER
(AP Sports Writer)

The odds are against them, but if Billy Meyer and his Pittsburgh Pirates win the National league pennant, he'll be the first manager in major league history to reach the top with a club that finished last—or tied for it—the preceding year.

Generally picked for fifth place at the best, the second-place Bucs today were three games behind the front-running Boston Braves. However, they were all even with the Hubmen in the important losing column. Each has lost 58 games. The Braves have played and won six more games than the Pirates.

Pittsburgh picked up a half game on the Braves yesterday, defeating the Chicago Cubs, 7-3, while the Philadelphia Phils were holding Boston to a split in their doubleheader. The Phils won the opener, 6-4, but the Braves came back to win the 13-inning nightcap, 2-1. It was Pittsburgh's seventh straight triumph.

Bad Day For Boston

It was a bad day for Boston all around as the American league-leading Red Sox saw their first-place margin shrink a full game when they were beaten by the fourth-place Philadelphia Athletics, while the runner-up Yankees and the third-place Cleveland Indians won.

Staging a six-run ninth-inning rally, the A's whipped the Red Sox, 10-4, to cut Boston's lead to two games over the Yankees and two and a half over the Indians.

The Yankees trounced the Senators in Washington, 10-5.

To Re-play Tie

The Indians defeated the St. Louis Browns, 6-4, in the first game of their doubleheader in Cleveland. The second game was a 3-3 tie with darkness ending the contest after 12 innings. The two teams will replay the game today, originally an off-day for both clubs.

In the other American league game, home runs by Tony Lupien, Don Kolloway and Aaron Robinson helped the Chicago White Sox defeat the Detroit Tigers, 5-2.

Old Rip Sewell, 40-year-old right-hander, pitched the Pirates' seventh straight victory yesterday, limiting the cubs to five hits. It was his 11th victory against only three defeats.

The Pirates collected only eight hits but took advantage of 14 bases on balls issued by four Cub hurlers. Four walks arrived with the bases loaded.

Cards Nose Out Reds

Al Dark's daring base-running gave the Braves a standoff in their twin bill. The rookie Boston shortstop singled off Walter Dubiel in the top half of the 13th inning, raced all the way to third on Earl Torgeson's sacrifice, and scored the winning run when Bill Salkeld followed with a long fly.

The Braves made 14 hits off Dutch Leonard in the first game, but the veteran knuckle baller was strong in the pinches. Del Ennis homered in the sixth to snap a 2-2 tie. The Phils added three more in the seventh to offset Boston's single runs in the eighth and ninth. Carvel Rowell paced Philadelphia's 11-hit attack with four safeties, including a double and triple against his former mates.

The St. Louis Cardinals moved into third place by a half game over Brooklyn and New York, nosing out the Cincinnati Reds, 7-6. Marty Marion singled home the tie-breaking run in the last half of the eighth to give Relief Pitcher Howie Pollet his 12th victory.

The Giants threw another wrench into Brooklyn's pennant plans, defeating the Dodgers, 5-3, for their seventh win in their last nine starts against Brooklyn under the leadership of Leo Durocher. They shelled Preacher Roe from the mound with a three-run outburst in the first inning and were never headed.

Sport Shorts

Pebble Beach, Calif., Sept. 13 (AP)—The 48th annual National Women's Amateur Golf tournament today drew a field of more than 100 shotmakers travelling 18 holes in a qualifying round for the 64 places in the championship flight. Play was over the tough Pebble Beach course, a 6,561-yard test with women's par of 38-39-77.

The championship is vacant because Georgia's Louise Suggs, the 1947 winner, recently turned professional. Miss Suggs was an interested observer here, however.

Westbury, N. Y., Sept. 13 (AP)—Harrison Dillard of Cleveland again has proven his ability to beat Barney Ewell of Lancaster, Pa., the man he edged out in the 100-meter Olympic finals at London.

Meeting again yesterday in a benefit sports show at the Roosevelt raceway, usually the home of trotting horses, Dillard defeated Ewell in a 100-yard dash. He also won the 120-yard high hurdles. Ewell took the 220-yard dash all by himself.

Harrisburg, Sept. 13 (AP)—Schoolboy football swung into the 1948 campaign across Pennsylvania the past week-end with at least one defending champion routed in its opening skirmish. The victim was Masontown, WPIAL Class B title-holder. The Fayette county Eleven was beaten by Carmichaels, 13-7.

West Virginia has an 11-game football schedule this season.

Midget Race Driver Killed In Crash

Hagerstown, Md., Sept. 13 (AP) — A 25-year-old Washington, Pa., midget racing car driver, was killed when his racer crashed through an inner rail and hit a gasoline truck during the feature race at the new Conococheague track near here.

The driver, Earl C. Fattman, swerved to avoid a flagman who had come onto the track to wave two other drivers out of yesterday's race. Fattman's car glanced off another, struck the rail, hit the truck parked in the midfield, and overturned.

ADAMS COUNTY LEAGUE

Orrtanna and Hanover scored victories in semi-final games for the championship of the Adams County Baseball league on Saturday afternoon.

Orrtanna evened its series with Littlestown by walloping the Littlestown aggregation 18-4 on the latter's field.

Hanover qualified for the title series by making it two straight over McSherrystown, a 3-1 victory in 10 innings at McSherrystown. Shanebrook pitched for the winners while Keffer was on the hill for McSherrystown.

Littlestown used seven players as pitchers in a vain effort to halt the hard-hitting Orrtanna team who garnished 16 hits. K. Singley led the winners' attack with four singles and a double.

All of Littlestown's runs came in the second inning and it took a five-run seventh inning rally to put Orrtanna on top. Two more runs came in the eighth and Orrtanna finished off its big day with eight tallies in the final inning.

Orrtanna and Littlestown will now clash on Saturday in the deciding game of their three-game series. The site of the game will be set by the league president and board of arbitration. The winner of the coming game will then meet Hanover in a three-game championship series.

BROWNS, 49ERS TITLE TIMBER

By GAIL FOWLER

New York, Sept. 13 (AP)—It's still a long way to December, but from this balmy September vantage point it looks like the 1948 All-America conference pro football champion will come from the western division again.

Cleveland's Browns, the 1946-47 champions, and the reinforced San Francisco 49ers have established themselves as the solid threats for the title.

The New York Yankees, meanwhile, face a dogfight for the eastern division crown they wore in 1946-47. Off the basis of past performances against Cleveland in 1946-47 (three losses and a tie) and yesterday's 41-0 pasting by the 49ers, the Yankee outlook is gloomy.

Cleveland continued its pennant parade yesterday by routing the Buffalo Bills at Buffalo, 42-13, a much wider margin than had been expected.

The AAFC's elderly rival, the National Football league, starts its regular schedule Friday night at Boston, where the Green Bay Packers take on the Yanks.

Green Bay tuned up with a rugged 43-0 exhibition victory over the Washington Redskins at Birmingham, Ala., Saturday.

In other NFL exhibitions, the rebuilt Detroit Lions thumped the Pittsburgh Steelers at Pittsburgh, 38-10, yesterday, while Saturday night the Chicago Cardinals winged the Philadelphia Eagles, 23-9.

Pittsburgh, Sept. 13 (AP) — The 38-10 loss the Pittsburgh Steelers sustained at the hands of the Detroit Lions in a National Football league exhibition game yesterday was more costly than the score would indicate.

Two of the Steelers' crack halfbacks, Ray Evans and Johnny Clement, were lost to the team for an indefinite period with rib injuries. Clement was treated at the field for a torn rib cartilage which his physician said originally was sustained against the Green Bay Packers last week.

Evans, star at the University of Kansas last year, sustained a fractured rib cartilage on the left side. Dr. Ralph Daugherty, Steeler doctor, said the injury was "very unusal and it is uncertain how long it will take to heal."

Evans was taken to the McKeesport, Pa., hospital.

SOUTH PENN LEAGUE

Cashtown gained the championship series in the South Penn Baseball league playoffs by nosing out Greenmount 1-0 in a fast and well-played game at Arendtsville Sunday afternoon before a large crowd.

The winners will now meet the Conewago VFW team in a three-game title series, the first of which will be played next Sunday afternoon on the Arendtsville diamond.

Ronnie Kump's one-hit hurling featured Sunday's game. Kump did not permit a Greenmount player to reach base until one was out in the last of the ninth. Bud McDonnell spoiled Kump's bid for a no-hit no-run game with a single to center. The next batter walked but Greenmount could not push over either runner.

The only run of the tilt came in the second frame. Bill Bucher singled and after Donnie Kuhn popped out, Bucher stole second. He moved to third base on a passed ball and streaked home when Biesecker grounded to short.

The Scranton Miners and Albany Senators held one-game leads today in semi-final playoff series for the Eastern league's Governor's Cup.

The Senators trounced the Hartford Chiefs by 14-3 yesterday at Albany, pounding three Hartford pitchers for 20 hits. The pennant-winning Miners had to go 15 innings before they captured their opening set-to with the Utica Blue Sox at Scranton, 11-10.

The Chiefs won the right to enter the semi-final playoffs by defeating the Williamsport Tigers, 5-2, Saturday night in an extra game at Williamsport that went 10 innings.

Hanover defeated Emmitsburg 8-2 in a Penn-Maryland league game Sunday afternoon at Emmitsburg and thereby eliminated Emmitsburg from the championship playoffs.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

ONE HUNDRED YEARS AGO

An immense bed of gold, one hundred miles in extent, has been discovered in California on American Fork and Feather rivers, near Monterey. Mr. Colton, the Alcade, of Monterey, states that the gold is found in the sand, in grains resembling squirrel shot, flattened out. Some grains weigh an ounce each. It is got by washing out the sand in any vessel, from a tea saucer to a warming pan. A single person can gather an ounce or two a day, and some even a hundred dollars' worth. Two thousand whites and as many Indians are on the ground. All the Americans' settlements are deserted, and farming nearly suspended. The women only remain in the settlements. Sailors and Captains desert the ships to go to the gold region, and laborers refuse ten dollars a day to work on the farms.

Today's Talk

READINESS

In every emergency the eyes of all are toward those in whom they have confidence, and whom they consider worthy of leadership—because of their readiness. We are always looking up to someone, for there are those who are always ready and waiting to serve when called upon.

None of us should be confined to one job in life. We should so live and prepare that we may be ready to do any number of tasks, essential to the hour. Washington was wise in his day—and undoubtedly would be wise in this day. In his first annual address to both houses of Congress he said: "To be prepared for war is one of the most effectual means of preserving peace." Note that he didn't say the only way! There are other ways of avoiding war. The most important, I would say, would be for a nation to be in readiness, in mind and heart, to accept peace.

We are at this moment in the midst of what is termed a "cold war." Simply because one great natin refuses to be in readiness to accept peace. A nation cannot sign a pact of peace with ink that is diluted with hatred, jealousy and revenge. There must be readiness—or no peace.

The Hon. John Hay, at one time Lincoln's secretary, and later a great Secretary of State for the United States, once said that the Golden Rule embodied everything essential for a peace among nations. Who is to say that he was not right?

In every emergency in life, when volunteers are called for, those with readiness within them are the ones who promptly step forward. God is always on the side of such people, as though each were to say: "Lord, here I am—take me!"

On every hand, in business, in politics and affairs of state, and internationally, the cry and the loud call are for men and women imbued with readiness, which is to say, prepared, with the will and courage to act, and without fear. And the best way to be prepared for the big things is to daily prepare by doing the small things with enthusiastic efficiency.

Tomorrow Mr. Adams will talk on the subject: "The Silent Treatment."

Just Folks

LAKE BREEZE

There may be a fairer sight
Than blue waves with caps of white,
And that wild, tumultuous roar
As they break upon the shore
May not be as sweet to hear
As a cardinal singing near,
But delight from both I take
When the wind is from the lake.

It may be the gifted mind
More exquisite charms can find,
And the ear to music trained
Has a truer rapture gained
From some master's violin,
But when blue waves tumble in
And their plumed chapeaus I see,
They are beautiful to me.

Much to me has been denied
Which to others was supplied.
I was fashioned deaf to tone,
Music's charms I've never known;
But I'm gladdened by the roar
Of the waves upon the shore;
Wide of eye I watch them break
When the wind is from the lake.

TIMELY FACTS ABOUT LAWNS

Most lawn failures are traced directly to starvation. The way to avoid this, of course, is to feed lawn grass. For this purpose three applications of commercial plant food are recommended annually—one in early March, another in early June, and the third about the first week of September. Broadcast 6-8-6 or similar strength fertilizer over the established lawn at the rate of 2 to 3 pounds per 100 square feed and water it into the soil at once. It is often amazing to owners and neighbors alike to note the beneficial effects of this sound program of care.

If there are any low areas in the lawn where water is likely to stand over winter, they should be corrected this week and seed sown within the next two weeks. The present sod, if grass is vigorous, may be removed and then replaced after the low area is filled in properly. Or seed may be sown after the filled-in soil settles.

Rarely does it pay to attempt to grow grass on steep banks and terraces by sowing seed. Washing may carry away much of the top soil before grass can get a sufficient start to serve as a cover. On gentle slopes the surface should be covered with pegged-down burlap after seed is sown. The grass will grow through the loosely woven burlap. Steep banks should be sodded, with strips laid parallel with the bank and not up-and-down. Sodding may be done almost any time from spring until fall, but careful attention to moisture supplies is necessary to promote vigorous rooting.

Seed for new lawns or for repairing old worn areas should be sown within the next week or two. If grass has time to develop strong roots and top growth before winter, it suffers little from cold weather and resumes growth early in the spring. Invariably fall-seeded lawns surpass spring-sown grass in beauty and vigor.

If grass fails in dense shade of walls or buildings, a woods grass, listed by no simpler name than Poa trivialis, is the solution. Include this in the regular seed mixture according to density of shade.

Shade of trees often presents a problem more difficult to solve because grass must compete with the stronger roots of the tree. Here the solution may be merely one of shade, in which case Poa trivialis, European fescue, Chewing's fescue or a mixture of the three may be tried. If root competition is the major trouble, more frequent watering and feeding in late spring and summer may stimulate the grass to survive the struggle. If these fail, the grower should turn to English ivy, Ampelopsis or other thrifty ground cover that succeeds in shade.

If the lawn soil is alkaline, Kentucky bluegrass should constitute a large percentage of the seed mixture; if the soil reaction is neutral or acid, more of the bent grasses should be included.

Lime should be applied only where the soil is known by accurate tests to be strongly acid. Lime is not a fertilizer and should not be used as such. It affords no cure-all benefits except as here advised—to correct excess acidity, in which role it is desirable.

There is still time for readers to obtain a free copy of our lawn building and repair guide. Too, the editor invites all lawn questions at the same time.

TO PLANT OR NOT TO PLANT

Growers of flowers, ornamental shrubs and shade trees often are in doubt about when to set out or move these plants. They see so many neighbors doing this work in the spring that they easily assume that fall planting is not safe. On the other hand, they read in gardening books that late fall planting is proper, yet the soundest authorities warn against pre-winter planting of certain deciduous trees and shrubs and a few perennials. What are the facts? Which plants do best from fall planting and which should be planted only in the spring?

First, here are the main arguments in favor of fall planting. They are; (1) The soil is warm to promote speedy root adjustment, while the air grows cooler to discourage top growth; (2) There is a minimum of demands on the roots for plant foods and moisture to meet the needs of the foliage; (3) There is a relatively long planting season with far more available time than is found in the rush of spring tasks; (4) Shrubs and trees are firmly established in their new homes when spring comes and resumes growth early and naturally; (5) Fewer plants die from lack of moisture immediately after transplanting; (6) Soil is easier to work in the fall, with plenty of moisture available without the customary sogginess found in early spring.

Objections against fall planting are: In heavier types of clay loam alternate freezing and thawing over winter may cause heaving; (2) Winter winds tend to loosen the root anchorage of taller shrubs and trees; (3)Certain tender perennial flowers may devalop root rot over winter before growth resumes.

Among shate trees there are no exceptions to the fall planting rule. All may be planted after they become dormant, in fact, they may be moved to their new growing sites any time when the soil can be properly handled over winter. However, late October to early December is perhaps the safer time of this work.

All deciduous shrubs permit late fall planting with these notable exceptions: Spicebush, (Benzoin), Butterflybush (Buddleia), Japanese Snowball (Viburnum plicatum), Stephanandra, Tamarix, the Sumacs, Hawthorn, Shrub-althea, Sweetshrub (Calycanthus), Colutea and Magnolias. The last named should be planted about the time their first blooms open.

Most of the early flowering shrubs such as Lilacs, Forsythias and others usually carry a "must" in advice on fall planting. The early growing habits of this group render spring planting almost impossible without serious injury to the early developing roots.

Many of the finest perennial flowers are included in the list permitting fall planting. Of course, these do not include any tender members of the group. As a rule, however, the late flowering perennials prefer spring planting.. These comprise chrysanthemums, plumbago, Japanese anemone, beebalm, heuchera, helenium, anchusa and the lupines.

Among perennials with a "must" attached to fall planting advice are. Bleeding Heart (dicentra), primulas, trillium, columbine, leopardbane, hepatica, most of the hardy lilies, peony, globeflower, aconitum and at least a dozen others.

Firm planting and watering to prevent excessive drying of the roots are emphasized in fall planting operations. Of course, the editor will gladly answer all questions readers wish to ask on this broad subject.

Truman Seeking Victory In Texas

Washington, Sept. 13 (AP)—President Truman's supporters counted today on a victory in Texas tomorrow to offset the spreading revolt that threatens to keep him off several Dixie state ballots.

Truman forces were primed for an effort to squash an attempt of states rights backers to seize control of the party machinery at a state convention.

The State Rights party already has qualified electors for Gov. J. Strom Thurmond of South Carolina and Gov. Fielding Wright of Mississippi.

They will contest the Truman-Barkley ticket for Texas' 23 electoral votes—sixth largest bloc in the nation—even if they can't win control of the party machinery. The Truman camp made no secret of the fact it would like a Texas victory to counteract last week's set back in Louisiana where the state party committee ruled Mr. Truman off the ballot.

"HELL DRIVERS" HURT

Reading, Pa., Sept. 13 (AP)—A thrill show accident brought injury to two drivers for Jack Kochman and his hell drivers yesterday at the Reading fair's opening performance. Johnny Saxon, Dallas, Tex., and Bobby Ward, Philadelphia, suffered wrenched shoulders when they were trapped in their cars.

Hard Coal Output To Be Increased

Philadelphia, Sept. 13 (AP)—The hard coal industry will operate on a six-day week in the near future in order to meet the demand for anthracite, says Robert V. White, president of the Lehigh Coal and Navigation company.

Th demand for hard coal is heavier than it was in 1947, White said last night. He estimated production for the industry as a whole this year to be 56,000,000 tons, as against 54,020,000 tons last year and 57,183,000 tons in 1946.

White said that a mid-summer slump in demand enabled the industry to build up stockpiles last year but that this was not true this year. "In our case," he said, "present stocks of coal amount to only few hundred thousand tons as compared with stocks of over 1,000,000 at this time last year."

YORK FAIR THIS WEEK

Everything is in readiness for the Biggest York Interstate Fair, which opens tomorrow, September 14th, and continues DAY AND NIGHT through Saturday. This is the 96th Annual exhibit of the York Interstate Fair, one of the largest expositions of its kind in eastern United States —A "World's Fair right at your door"—with education and entertainment for all.

NEW COVERED STAGE

Among the extensive improvements made during the year was the enlargement of the stage and the erection of a permanent covering over it. A 175 foot long truss cantilevers 18 feet out over the race track, parallel with the front of the stage. The bottom of the stage covering is 34 feet from the floor of the stage.

Steel guard rails have been erected on both sides of the track, which is encircled by a five foot wire fence located ten feet from the outer guard rail, thus providing the greatest possible safety for both the public and the race participants.

MORE & BETTER EXHIBITS

The exhibits of livestock and agriculture will be exceptionally fine with keen competition between the 4-H girls and boys. Grandstand attractions this year are better than ever and exceptionally outstanding. They include many featured radio and Broadway vaudeville acts, with the pick of stage and circus specialties.

COLORFUL NITE REVUE

In addition to the races, vaudeville acts and revue, which will go on rain or shine, there will be special added attractions. John Reed King, famous radio star, will appear on Wednesday night, and Phil Spitalny's Hour of Charm All-Girl Orchestra, featuring Evelyn and her magic violin on Friday night—rain or shine. Saturday — afternoon and night—the climax of the grandstand attractions will be America's most outstanding, original Auto Thrill Show. Just one chill and thrill after another.

DELUXE ENTERTAINMENT

Plan now to attend this greatest of all fairs in the east. It comes only once a year, and the York Interstate Fair is noted for its fine entertainment, exhibits and hospitality. Reserve your Grandstand Seats early and avoid disappointment.—Adv.

MINNESOTA FARM GIRL IS 'MISS AMERICA'

Atlantic City, N. J., Sept. 13 (AP) — Beatrice Shopp, 18-year-old Miss America of 1948, heads for her Minnesota farm home today. She will spend a few days there before coming to New York to start her new career.

In a breathtaking week-end, the baby-faced brunette, who "loves to clean fish," won $16,000 in contracts and scholarships by outclassing 54 other beauteous contestants.

She says she'll have a few days at the four-acre family homestead to think over all the offers that have come her way as the beauty of the year.

Plays Vibraharp

It's all a far cry from the Hopkins, Minn., farm where Beatrice, nicknamed "Bebe," says she tends about 100 chickens, drives a tractor and helps her mother in the kitchen. The five-foot, nine inch Miss America plans to use some of the scholarship funds to continue to study music.

Her renditions on the vibraharp were among the talents which took the judges' eyes in the week-long shore resort beauty pageant. The musical education, which Miss Shopp says she'll pursue, will emphasize percussion instruments. She also plays the piano and drums.

Before she settles down to serious study, however, Miss Shopp will make a personal appearance in New York and then will head for the west coast for a fashion show.

She may even wind up in Hollywood, but, says Miss America, there won't be any film appearances unless she can play the vibraharp.

The little girl from the farm, who neither smokes nor drinks, says she won't consider marriage until "I am 24 or 25 years old."

The crown that she won Saturday night entitles her to a $5,000 scholarship, a $3,000 automobile and $8,000 in cointracts for personal appearances.
